

SECURITY POLICY

Effective Date: May 1, 2025

This **Security Policy** ("**Policy**") outlines the security measures implemented by Sales Finder Ai, a corporation organized under the laws of the Province of British Columbia, Canada, with its principal office in Vancouver, British Columbia ("**Sales Finder Ai**," "we," or "us"), to protect the confidentiality, integrity, and availability of personal data and other information processed through our website, mobile and desktop applications, software, and related services (collectively, the "**Service**"). This **Policy** supplements the **Terms of Service and Legal Agreement** and **Privacy and Data Processing Agreement**.

1. SECURITY MEASURES

Sales Finder Ai implements the following technical and organizational measures:

- a. **Encryption:** All data in transit is encrypted using TLS 1.2 or higher, and sensitive data at rest (e.g., payment information) is encrypted with AES-256.
- b. **Access Controls:** Role-based access control (RBAC) limits data access to authorized personnel only, with multi-factor authentication (MFA) required for administrative access.
- c. **Regular Audits:** Security assessments and penetration testing are conducted quarterly to identify and remediate vulnerabilities.
- d. **Incident Response:** A documented incident response plan is in place to address data breaches, with notifications to affected parties within 72 hours as required by GDPR and PIPEDA.
- e. **Backup and Recovery:** Data is backed up daily with offsite storage, and recovery procedures are tested annually.

2. DATA BREACH NOTIFICATION

In the event of a **Personal Data** breach, **Sales Finder Ai** will:

- a. Investigate and contain the breach promptly.
- b. Notify the **Client** and relevant authorities (e.g., Office of the Privacy Commissioner of Canada) within 72 hours, as required by law.
- c. Provide details of the breach and remediation steps.

3. EMPLOYEE TRAINING

All employees and contractors are trained annually on data security best practices and are subject to confidentiality agreements.

4. THIRD-PARTY SECURITY

Sub-processors are required to adhere to security standards equivalent to or exceeding those outlined in this **Policy**, with contracts enforced through audits.

5. COMPLIANCE

This **Policy** aligns with GDPR, PIPEDA, and other applicable data protection laws, including those in the U.S. and international jurisdictions where the **Service** is offered.
